As Authors or linguists; we will be writing labels and instructions for our garden designs.

As mathematicians; we will be solving problems using money. Finding out how much change we need, and how many coins we need to pay for plants.

As Citizens of the world; we will be helping the gnome to take care of his garden.

As Designers; we will be making our own mini gardens and garden benches.

As Artists; we will be painting pictures of garden gnomes, to give to the gnome when he visits us.

As enterprising learners; we will be taking care of plants.
